

Facial Contour Mask Powder

Description and Purpose

Facial Contour Mask Powder is a unique combination of rich ingredients, chosen for their special properties to condition the skin and cleanse the pores. It is designed to blend perfectly with our Aloe Activator, to create a thin lotion for easy application to the face and neck.

The albumen and malto-dextrin provide drawing and tightening properties while the kaolin absorbs excess oils. Allantoin, and camomile condition and renew the skin cells, accelerating new cell growth.

At a glance...

- Blend with Aloe Activator to create facial mask
- Smooths, cleanses and tightens the skin
- Contains camomile which soothes and calms sensitive skin
- Can be combined with half a teaspoon of honey for that extra special treat

Ingredients

Albumen, maltodextrin, kaolin, allantoin, anthemis nobilis flower extract, diazolidinyl urea, fragrance, red 27 lake.

Contents

29g (1oz).

Directions

Add one mixing spoon of Facial Contour Mask Powder to the mixing bowl. Combine with one mixing spoon of Aloe Activator until the mixture has the consistency of lotion. Use the applicator brush to apply a thin, even film from the neck upward. Relax in a reclining position, limiting facial movement for approximately 30 minutes. Apply a moist towel to the face to soften the mask, then gently remove remaining mask and rinse with warm water. Follow with toner and your favourite moisturiser.

N.B. Muscular contraction may be seen and felt shortly after application of the mixture. Occasional slight itching may occur. Should this happen, simply press gently on the spot with the fingertip, until the itching stops. Do not rub or scratch.
